- Study the following letter frame. Start at any letter, go around the frame twice. See if you can determine the pattern to find the hidden quotation.

T	W	L	H	A	O	U	L
E							G
S							A
H							H
A							U
							S
T	L	S	S	E	H	B	G

- Can you cut the following cake into eight equal-sized pieces using a knife with just three straight cuts.

- Christopher Cowpat is a cattle farmer and he wishes to build four fenced-in paddocks to hold his nine prized heifers. However each paddock must contain an uneven number of cows. How could he do this ?
